

Secretary's Report

The November Meeting of the Wellesley Amateur Radio Society was held in the basement of the Wellesley Hills Branch Library on Monday, November 20nd, 1964. President Brad Rohrer K1CTK asked for suggestions for next month's meeting. An Arrl movie or a talk on "getting DX" was suggested. By unanimous consent the Club voted to purchase a new coffeepot.

The meeting was then turned over to Fred Collins W1FRR who gave a delightful talk with slides on his recent trip to Europe. He discussed the various kinds of equipment used in Europe, as well as the Moonbounce shot from Switzerland.

Refreshments were then served

Respectfully submitted

Walter E. Lenk K1YTY
Secretary
